

Connect In!

Leverage 30,000 Years of Experience.

October 8-12, 2012
Anaheim, California

****The purpose of this form is to prepare and save abstract information before submitting online. Abstracts must be submitted online.**

Abstract Information

Workshops will be scheduled for 45 minutes in duration, and Short Courses are a minimum of 90 minutes, maximum of 3 hours, including time for questions and answers. When submitting your abstract(s), please note the following guidelines:

- A **Workshop** typically presents a case history, a project experience, and/or specific tips or techniques used (or learned) during a project implementation – for example, 'how I used one or more Emerson products/services or a complementary vendors' product/service (HyTork actuators, radar gauges, AMS, InTools, Syncade, Pepperl+Fuchs with DeltaV, Blending Package, Inspect, etc.) to solve a problem or improve my process'.
- A **Short Course** provides organized instruction on a particular technology, application, project tool, or methodology – for example: Fieldbus, Valve Sizing, SIS, System Life Planning. These are often taught by Emerson or process industry "experts" and/or Emerson's Educational Services instructors.

Session Title*

Type*

Technical Level*

Session

Abstract* Write a one or two Paragraph abstract (600 characters wth spaces max)

What Problems / Challenges Were Resolved?*

(400 characters wth spaces max)

Solution*

(400 characters wth spaces max)

What Results / Benefits Were Realized?*

(400 characters wth spaces max)

Track

What industry are you in?*

What job function(s) does
this abstract apply to?

Do you wish to select
a keyword(s) for attendees
to search for your session?
