

The Chairman's Message

January 2011

The Board of Directors has already started planning for the 2011 **Emerson Global Users Exchange!**

The Call for Presentations is now open, which is the next step in that planning. Presentation abstracts will be accepted now through March 21, 2011. Get your abstracts in early, as we expect another year of abundant and valuable submissions. One change this year is the merging of the Management Track and Business Operations, Integration & Intelligence Tracks. The new track has been named "Business Intelligence & Management".

It is the high-caliber content from your ideas and contributions through these technical and leadership presentations that has made Emerson Exchange the conference of choice by automation professionals. The Presentations Committee will be working diligently to select a variety of high quality presentations for the conference, where we will all be "**EXCHANGING**

IDEAS" and "**CREATING SOLUTIONS**".

This year's conference will be held at the Gaylord Opryland Resort & Convention Center in the Country Music Capitol city of Nashville, Tennessee from October 24th through October 28th, 2011. Mark these dates on your calendar now and remember to visit the on-line registration site beginning June 1st to secure your spot at one of the most talked about automation events of the year.

As always, we value your ideas, comments and participation. Please feel free to contact me or any member of the [Board](#) if you have questions or feedback regarding the Emerson Global Users Exchange.

I hope you will join us in "**EXCHANGING IDEAS**" and "**CREATING SOLUTIONS**" at this amazing event.

Danny Streets, Chairman – Board of Directors
Emerson Global Users Exchange

Mark your calendars!

October 24th - 28th, 2011
Gaylord Opryland Resort & Convention Center
Nashville, Tennessee, USA
