

Personal Agenda for Instrument Engineers

Your Areas of Interest:

- Digital Transformation
- Measurement & Instrumentation
- Maintenance & Reliability

Brands that interest you most:

- Rosemount - Temperature
- AMS
- Micro Motion

The Users Exchange takes place in Milan over three days in March 2020. During your time in Milan you can learn from a combination of presentations, training courses and the exhibition area (EXPO).

Wednesday March 18, 2020	Thursday March 19, 2020	Friday March 20, 2020
	08:30	08:30
	09:00	09:00
	09:30	09:30
10:00	10:00	10:00
10:30	10:30	10:30
11:00	11:00	11:00
11:30	11:30	11:30
12:00	12:00	12:00
12:30	12:30	12:30

14:00	14:00	14:00
14:30	14:30	14:30
15:00	15:00	15:00
15:30	15:30	15:30
16:00	16:00	16:00
16:30	16:30	16:30
17:00	17:00	17:00
17:30	17:30	17:30
18:00	18:00	18:00
18:30	18:30	18:30
19:00	19:00	19:00
	19:30	
	20:00	

There are over 450 sessions to choose from, so we have prepared this Personal Agenda including Keynote Presentations, User Presentations & Exhibition Areas based on what you have told us about your role & your interests.

Your Personal Agenda shows you what to attend for the three days. You will learn from people in the Chemical Industry; sharing their experience about issues that affect you in your role of Instrument Engineer.

You will see the very latest developments from Rosemount - Temperature, AMS & Micro Motion.

DISCOVER. DESIGN. DELIVER.

Emerson Users Exchange 2020
March 18-20, Milan

Thank you for requesting a personal agenda. We hope that the information contained here helps you make the most of your time in Milan.

We are determined to bring together thought leaders in our industry to exchange best practices, share experiences and provide all the ingredients to create an action plan to solve the challenges we face. We will inspire you through a series of interactive sessions, live demos and engagement with like-minded business leaders. We recommend you attend the plenary sessions including "Digitisation Benefits to BP" by Richard Mortimer (1182) on the morning of Wednesday 18-March.

The sense of community does not end when you leave Milan. Emerson Exchange 365 is in an online community rich in resource and expertise where you can share questions, experience and challenges.

Maximise your learning experience at Emerson Users Exchange

Users Exchange Milan has so many things to explore. We have a passion for technology so while you're in Milan make sure you get hands-on experience of exciting new products and applications in the EXPO for example test drive Plantweb Insight: For improvement of reliability using On-Line Diagnostics and Plantweb Optics: Plant Health Analytics: getting the right information to the right people at the right time.

We very much hope that you will register and join us in Milan. Make sure you take the opportunity to come & meet us and say hello. We are interested to learn about your specific business successes, challenges, and opportunities.

Kind regards

Roel van Doren
Emerson, President, Europe

Vidya Ramnath
Emerson, President Middle East & Africa

1000 – 1230 Opening Keynotes

Roel van Doren, **Emerson**, President, Europe

Executive Sponsor for Emerson Global Users Exchange. Roel has over 20 years of experience with Emerson and has held a variety of positions at Emerson including Engineering, Operations and Sales Management in Europe & North America.

Vidya Ramnath, **Emerson**, President Middle East & Africa

Vidya has been a significant contributor for Emerson over the past 24 years. Vidya led a Global Pervasive Sensing Center of Excellence in Singapore, which showcased engineering solutions to help industrial plants operate more efficiently, reliably and safely.

Richard Mortimer, **BP**, VP Engineering for the Global Project Organisation (GPO)

As part of his responsibilities Richard leads a globally distributed team of approximately 400 discipline engineers and engineering managers who are deployed onto BP's Upstream major projects.

You told us that your job role is **Instrument Engineer** so we recommend that you attend the following **User Presentations**:

1330 - 1415 How to optimize Calibration Intervals of Measuring Instruments, **CNOOC International** (Session 1156)

1415 - 1500 World class device management in commissioning & operation of an offshore mega project, **TOTAL E&P** (1373)

1500 - 1545 Advantages of wireless solutions on tank farms, **Dow Chemical** (1238)

1545 – 1630 Technology Roadmaps

Choose one of the following **Technology Roadmaps** (each Roadmap will be repeated on Friday)

- Measurement Instrumentation - Rosemount Roadmap (1612)
- Reliability Solutions (1637)
- Measurement Instrumentation - Flow Roadmap (1613)

1630 – 1915 EXPO – Get Updated in our 8000m² technical exhibition area

- Analytical solutions (1605)
- Asset Tag Management & Engineering Tools (1596)
- AMS TREX Device Communicator (1590)

Thursday 19-March

0830-0930 Keynote Presentation - Digital Transformation

Peter Zornio, Chief Technology Officer, Emerson

Peter is responsible for the strategy and implementation of Emerson's technology programs, portfolio direction and standards across the group. Peter is also a member of the Forbes Technology Council.

0930 - 1030 Chemical Industry Forum (1096)

You told us that you were interested in **Digital Transformation** so we suggest that you attend the following user presentations:

1030 - 1115 Digital lab project and pilot with AMS Device Manager, Plantweb Optics and wirelessHART., **Aker BP** (1413)

1115 - 1200 Digital Transformation on Reliability and Maintenance. Revamping of MPS in the digitization era., **AIR LIQUIDE** (1535)

For **Measurement & Instrumentation** we propose that you attend the following user presentations:

1415 - 1500 Enabling technologies for the digitalization of gas transportation networks, **snam** (1287)

1500 - 1545 Mobile Calibration for Gas Turbine Combustor Test beds, **Deutsches Zentrum für Luft- und raumfahrt** (1242)

For **Maintenance & Reliability** we recommend that you attend the following user presentation:

1630 - 1715 Reduce Downtime & Increase Operational Certainty with Fisher ODV Package & OEM Valve Service, **DuGas** (1385)

1630 – 1915 EXPO – Get Updated in our 8000m2 technical exhibition area

- Digital Twin Hands on Tasks (1572)
- Fire & Gas Detection (1601)
- Fork Density meter Live demo (1597)

1930 – 2230 **Networking Evening at the Alfa Romeo Museum**

The Museo Storico Alfa Romeo (now called the Museo Alfa Romeo - La macchina del tempo, which literally means, “The Alfa Romeo Museum – Time Machine”) is dedicated to over 100 years of history of the Alfa Romeo brand

The museum is spread over 4,800 m². Its six floors are divided into four theme areas, including a historical review of all Alfa Romeo road cars produced since 1910, prototypes and dream cars, aircraft and aeronautical projects, and scale models and awards.

Formula One - The company's works drivers won the first two World Drivers' Championships in the pre-war Alfetta: Nino Farina in 1950; and Juan Manuel Fangio in 1951. The Alfa Romeo logo returned to Formula One in 2015 & Alfa Romeo returned to the sport as their own team at the beginning of 2019

4 D Cinema – Experience the thrill of Alfa via Augmented Reality & explore the Alfa Romeo universe in interactive seats.

Friday 20-March

From the **Emerson Technologies** that you selected we recommend:

0830 - 0915 LNG Terminal Uses Unique System Solution for Reliable & Safe Energy Handling
Gasum (1269)

0915 - 1000 You will be contacted by Emerson experts for a relevant technology discussion
(1642)

1000 - 1045 Small diameter Coriolis meters to measure low pressure natural gas flow **PGNiG**
Polish Oil and Gas Company (1286)

1130 – 1230 **Key Note Presentation: Call to Action - Discover. Design. Deliver**

Travis Hesketh, Vice President, Marketing, Emerson

Travis is responsible for understanding customer needs and setting the direction for Emerson. During this presentation he considers how your experiences this week can help you shape your Digital Future.

You told us that you were interested in **Maintenance & Reliability** so we recommend that you attend the following user presentations:

1230 - 1315 Minimizing financial loss through condition monitoring of flotation cell in a Gold Mine,
Tuprag Metal Madencilik (Tuprag, Eldorado Gold) (1427)

1315 – 1415 **Technology Roadmaps**

Choose one of the following Technology Roadmaps

- Measurement Instrumentation - Rosemount Roadmap (1612)
- Reliability Solutions (1637)
- Measurement Instrumentation - Flow Roadmap (1613)

Instrument Engineers

Germany Information

DISCOVER. DESIGN. DELIVER.

Emerson Users Exchange 2020
March 18-20, Milan

We cordially invite you to join the **Germany Country Dinner** on Tuesday which will be hosted by the General Manager of Germany.

This will be a relaxing dinner amongst people from your part of the world

Your Country Host will be able to help you plan & arrange your trip in Milan during the Users Exchange. For example, if you wish to meet an Emerson expert or business leader, your Country Host will arrange that for you.

Lunch, refreshments & evening finger buffet will be included in the conference fee.

Entry to the networking event & dinner at the Alfa Romeo museum is also included.

When registering you will be able to specify dietary requirements.

All presentation details including timings are subject to change.

11 November 2019
